THE 1958 KENTUCKY NATIONAL SHORTHORN FUTURITY Show and Sale

**SATURDAY,
MARCH 22nd**

Barbara Burgan, Cynthiana, Ky., and her champion Shorthorn, Lexington, Ky., fair. M. J. Vinson, Assistant Commissioner of Agriculture, State of Kentucky, is standing directly behind the steer.

The Kentucky Shorthorn Breeders' Association gratefully acknowledges the participation of the State of Kentucky in this national event. \$5,000 of the \$9,000 in premiums are made available by act of the Legislature through the office of Ben J. Butler, Commissioner of Agriculture.

Such assistance makes it possible for us to obtain the very finest Shorthorns for this sale, makes Kentucky a focal point for the distribution of superior seed stock, and stimulates the growth of the breed in Kentucky, cradle of the Shorthorn breed in the United States.

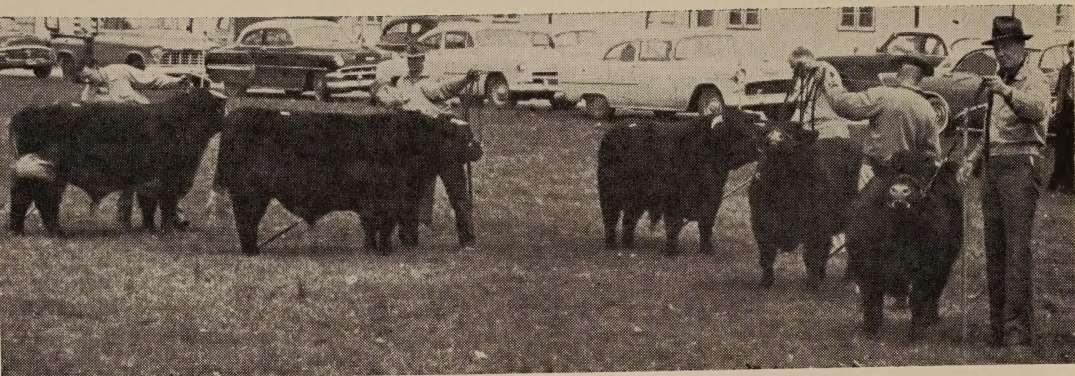

In past years of this sale, cattle have sold into 19 states.

Lieutenant-Governor Harry Lee Waterfield, a Shorthorn breeder himself, presents championship trophy to B. Hollis Hanson, Connersville, Ind., for the female grand championship, 1954 Kentucky Futurity. Judge W. N. Anderson, center.

Group of first prize bulls being led out for grand championship at the 1957 Kentucky National Futurity. Left to right: Entries from the University of Kentucky, Charles M. Meacham & Sons, reserve champion; Luther K. Rice, grand champion; Paul Halbersleben, and Raymond Stewart. All these herds have strong consignments again this year.

What Is The Kentucky National Futurity?

How many sales do you attend where there is only the occasional animal you feel would help your herd? If you are hunting a herd sire you can come to this sale with the assurance that every one of the 23 bulls is the kind worthy of your consideration . . . and backed by powerful bloodlines.

If you are looking for females that can go to the top of your herd, establish new families to work improvement for years to come,

you will find the kind you are seeking down to the last place animal in each class.

The State of Kentucky through Ben J. Butler, Commissioner of Agriculture, awards \$5,000 in premiums in this show and sale. The Kentucky Shorthorn Breeders' Association adds another \$4,000. With firsts in class running as high as \$240, is it any wonder we can induce breeders to part with their very best? No consignor comes

Grand and reserve grand champion females, 1954 Kentucky National Futurity. The Hanson Heights heifer in front was champion, the Luther Rice heifer, directly behind, was reserve champion.

Left, Neoboshon Max, reserve champion bull, 1956 Kentucky National Futurity. Sold for \$700 to George R. Martin, Greenville, Ky.

Below, William Meacham with the reserve champion bull, 1957 Kentucky Futurity. This bull sold for \$675 to Cecil Day & Wills Bros., Taylorville, Ky.

**.... we give you 9,000 reasons why
there are cattle here the owners would
not sell under any other circumstances.**

to this sale shooting for less than the top.

The sale committee has culled and culled again. Nothing but the best are left in the sale . . . and still we have the largest offering in the history of this event. A number of the bulls and females have been champions at leading 1957 shows. Many more can be champions for their new owners.

Outstanding herds from six states are participating as consignors this year.

**and the 1958 offering is
both the largest and the
strongest Kentucky National
Futurity offering yet
brought forward.**

**Every Animal in the Show
Must Sell in the Sale**

Officers of the Kentucky Shorthorn Breeders' Association. Left to right, William Meacham, Sturgis, Vice-President; S. J. Stokes Jr., Lexington, President; Mrs. James N. Kirk, Maysville, Secretary-Treasurer.

OX VALLEY'S CRITIC—This good, red bull was the junior calf in our show herd winning his class at several county fairs and at the Indiana Central States Fair. He stood second in a very strong class at the Tennessee State Fair. He was in every group class we showed all year. This bull weighed 1,000 pounds a few days before he was one year old. Very few bulls are as short legged and heavy boned as this one. We think he is the very image of his great sire H H F Select Souvenir.

LADY NUNNDALE FAVORITE 17th—Possibly the best heifer we have ever raised. She is sired by the \$4,500 LoMar Favorite that has sired so many champions and top sellers for us. This heifer was the grand champion of the 1957 Tennessee State Fair, the 1957 Mississippi State Fair, the 1957 Mississippi-Louisiana Exhibition and placed first in class at the Mid-South Fair. She was bred October 20 to the \$5,200 Leveldale Asset, second prize winner in a class of thirty-one at the International.

Class of heifers being judged at the 1954 Kentucky National Futurity Show and Sale.

No herd is so good it can keep pace with a replacement program based solely on keeping daughters of the cows already in the herd.

Where can you buy females of herd improving calibre . . . the right bull? Nowhere is there a better selection than in this sale.

22 consignors from six states are bringing their very best . . . competing for \$9,000 in premiums . . . and every animal in the show must be sold in the auction.

Why Own Mediocre Cattle?

*Now is the time to sell them . . .
replace them with the
quality kind*

In the eight consecutive years of this sale a total of 470 head have been sold for \$239,145 or an overall average of \$509. Despite the fluctuations of the beef market, good quality Shorthorn cattle have continued to bring premium prices. To produce in the quality bracket, you must have the cow herd and herd bull that are quality themselves and bred to breed that way.

Last year's Kentucky Futurity sale averaged \$407. Figure your cash return by driving out of your herd the poorest 15 per cent. Consider how little more you need to add to this to buy the Kentucky Futurity quality kind, particularly when you consider how many daughters you will eventually keep of the animals you buy.

Follow this program . . . in three years time, by replacing your poorest 15 per cent each year and keeping those daughters you will have almost a completely new herd . . . and the bull calves in dam from the heifers you buy in a sale like this . . . by nationally famous sires . . . will bring enough more than the calves out of the cows you discard to pay the cost of herd transfusion.
